

# Standing At Your Cross

Key: G

---

**G**                      **C**  
Standing at Your cross Lord  
**Em**                      **C**  
You wore a crown of thorns for me  
**G**                      **C**  
Hanging there for my sins  
**Em**                      **C**  
The perfect death to set me free

**Am**              **G**      **C**  
*You took my heavy load*  
**Am**              **G**      **D**  
*Up from the grave You rose*

**D**              **G**                      **D**  
***May Your name be lifted higher***  
**Em**                      **C**  
***We bow down before Your throne***  
**G**                      **D**  
***You're our rock and our salvation***  
**Em**                      **C**  
***The Saviour king who gave His all***

Lifted from the darkness  
You restore me by Your grace  
I'll set my eyes upon You  
As I come to seek Your face  
*You took my heavy load*  
*Up from the grave You rose*

Standing on salvation  
I will live this life for You  
Telling of Your mercies  
For each day I am made new  
*You took my heavy load*  
*Up from the grave You rose*
